

**SNAP IN**   
Invented by Weidmüller.

**Quick & Easy  
Installation**

**Heavy Duty Connectors**

**Simple to Order Kit – Fast to Wire**

Weidmüller's SNAP IN technology saves time and money

Our RockStar® heavy duty connector inserts with SNAP IN technology provide an easy, safe and vibration-proof connection.

**Kits include the following components:**

Female  
SNAP IN insert

Male  
SNAP IN insert

Hood

Bulkhead

Cable  
glands

**Features & benefits**

- Easily wire multiple connections
- Durable IP65 aluminum housing
- Quick-release system resets the contact point for easy wire removal

**Approvals**

**Simple**

Material-saving wiring without tools and time-consuming crimping of wire-end ferrules

**Fast**

Preloaded spring allows the connection to be as quick as a snap of the fingers

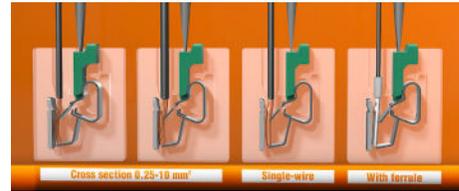

**Safe**

- Vibration resistant (200 Hz)
- Security you can hear – an audible “click” signals a secure connection

# HDC SNAP IN Kits

## Secure. Efficient. Reliable.

**SNAP IN** – the fastest connections just “click”

Stripped wires can be easily and safely inserted into the clamping point without further preparation.

The raised pusher shows a secure connection is achieved when the conductor touches the contact point with an audible “click”.

Our SNAP IN connection technology is compatible with solid or stranded wires, with or without ferrules.
